Brief Overview of Each Webinar

COBRA...WHAT INFORMATION IS REQUIRED TO BE GIVEN AND WHAT BENEFITS ARE AFFECTED

Many employers question us about the different types of notices and why they have to send them out. We will give a quick guidance and discuss the important timelines that need to be watched. We will update you about each of the required notices, who must receive them, how to distribute them and when they must be distributed.

BENEFITS REPORTING:

THE DETAILS OF WHAT EMPLOYERS HAVE TO REPORT, TO WHOM AND WHEN

There are so many new reporting requirements for both large and small employers. Learn which reports are due and when the reporting is due, but most of all, who has to report what. These reporting requirements are those that encompass the IRS, DOL and CMS. You will also learn what types of fees are associated with the reporting based on the type of plan you offer employees.

ACA UPDATES:

WHAT'S NEW AND WHAT'S DELAYED

You will get an update of the timeline changes for Small Groups, Large Groups and a brief listing of reporting guidelines to help you manage your recordkeeping. You will also be updated with a guide from the DOL about the different reports and disclosures you need to be aware of.

THE VALUE OF HUMAN RESOURCES OUTSOURCED:

WORKING WITH INSURANCE PRODUCTS THROUGHOUT THE PLAN YEAR

You will be updated with the valuable services offered by EBAS in different levels of Human Resources. There are four levels of service provided by EBAS. Level 1 is the different reporting requirements to the DOL or CMS. Level 2 includes performing audits such as auditing and paying your premium billing and auditing your payroll against the premium billings and benefit elections. Our most valuable, but underutilized, service level is level 3 which includes online updates with each insurance plan your new hires, terminations or any changes of benefit status. These services allow us to help you keep your employees up to date on all systems and benefits intact in a timely manner to ensure that communication with the insurance company is efficient. Level 4 services assist with the intricate details of employee handbooks and policies.

THE VALUE OF HUMAN RESOURCES OUTSOURCED:

COMMUNICATION OF BENEFITS AND WHAT DISCLOSURE MUST BE GIVEN TO EMPLOYEES

We will introduce to you a guide from the DOL/CMS that will illustrate what types of notifications must be given and when. You will also learn who must receive them and what type of information must be included within these disclosures.

THE VALUE OF SELF FUNDED PLANS FOR SMALL EMPLOYER GROUPS

GUEST SPEAKER DAVE GILLIS

We will have Dave Gillis of National General Benefits Solutions attend that meeting to assist with the introduction of how this product can work well within the Benefit Design

formats that EBAS works with. These plans work well to create cost effective CDHPs that may include HRAs, HSAs, and FSAs.
